Tour Description

Explore South Africa's exciting 'MotherCity' on this guided tour of the historical and cultural sights of Cape Town. You will step into the rich history of the city passing by key historical monuments and places of interest, such as the impressive Castle of Good Hope and Cape Town City Hall. The tour stops at the beautiful St. George's Cathedral, passes through the lush Company Gardens, and explores a cultural hub of Cape Town, the Bo-Kaap, also known as the Cape Malay quarter. A tour of this vibrant city, home to street markets of every kind, cosmopolitan and rustic eateries, and a host of cultures is an unforgettable experience.

The Constantia wine route lies on the Southern slopes of the Table Mountain range and its world-renowned floral kingdom and the cradle of winemaking in the Cape. Rooted in ancient soils, the vineyards climb up the East-facing slopes of the Constantiaberg, where the vines benefit from cool seabreezes blowing in from False Bay. The area receives about 1,000mm of rain per year, making irrigation unnecessary, and has an average February temperature of 20.6 degrees Celsius. The average age of the vines in Constantia range between six and fifty years. Vineyards are planted at altitudes between 55 and 420 meters above sea level. The Wine Route member properties, combined with independent Constantia farms, comprise a total planting of 421 hectares of vine for this area. This amounts to 0.44% of the total plantings in South Africa.
