Tour Description

Your tour will depart the pier for a scenic drive on the way to Bunker Hill Monument. This 221 foot granite monument commemorates one of the first battles in the American Revolutionary War, fought in 1775.

You will then continue to the USS Constitution where you will get a chance to explore and discover this naval icon. The USS Constitution, also known as Old Ironsides, is the world's oldest commissioned naval vessel that is still afloat. Launched in 1797, this wooden-hulled three-masted heavy frigate was one of the original 6 frigates authorized by the Naval Act of 1794. The ship was used during the War of 1812 against the United Kingdom, defeating numerous warships including HMS Guerriere.

Changing pace, you now will board a boat cruise to see significant historical sites from the water, including the site of the infamous Boston Tea Party. This cruise offers fabulous photo opportunities with the breathtaking backdrop of the Boston city skyline.

Following your cruise, New England's Faneuil Hall and Quincy Market await you where you will have free time to explore and enjoy a local treat at the famous Boston Chowda Company.
